INCREASE THE SCORE

Edmonton Juveniles do Better Than Their Seniors in Defeating Strathcona.

The Edmonton juvenile hockey team journeyed to Strathcona last night to measure their strength with the juveniles of that town. After an hour's hard play they proved their superiority by defeating Strathcona by eight goals to two. The game, from start to finish, was fast and exciting, and a good brand of hockey was exhibited. The ice was in good condition and the spectators, though few in numbers were very enthusiastic. The game was Edmonton's throughout, for the boys were out to win. The match started at eight fifteen o'clock, and at half time stood five to one in Edmonton's favor. In the second half Strathcona scored one more goal while Edmonton added three to her tally.
In the first half C. Banford scored twice, G. Banford once, L. Gouveau twice, all for Edmonton; and Kent once for Strathcona. In the second half, G. Banford, H. Paradis and C. Banford each scored for Edmonton, while W. Somers scored for Strathcona. This left the final score eight to two.

The line-up of the teams was as follows:

	Goal.	Edmonton.
E. Kennedy	C. Matheson Point.
F. Kent	H. Johnston Cover Point.
B. Davidson	H. Powell Rover.
C. McNaughton	C. Banford Centre.
F. Kent	G. Banford Right Wing.
A. Deitz	L. Gouveau Left Wing.
W. Somers	H. Paradis Goal umpire, W. Duggan and B. Duhamel.
Referee, Arnold Johnston.

A COAL TRADE

There is a brisk trade in Edmonton coal to points down the C. & E. line this winter. Two cars a day are going out and more would be sent if the cars and the teams to load them could be got. This trade is one of the results of the construction of the E. T. & P. spur from Strathcona to Edmonton. When coal had to be hauled across the river and up the hill to Strathcona, the cost and difficulties of the haul were so great that they killed the trade. Now, however, when the up-hill haul is cut out, the trade is growing rapidly.

This brings up for consideration the question: If the cost of delivery to the cars were still further reduced by the extension of the railway to the mines, would not the trade still further increase? and if so, would it not be profitable to the large coal company and to the country Albertans to have the extension made. Tierney asked.

Investors are situated about eight miles from Edmonton on both banks and Wray, Saskatchewan, but chiefly on the north bank. The seams run up while north bank, thick and the coal is of eight feet, for domestic purposes in the north and territories. These seams were only opened a few years ago, when those under the town it.

"A reward" were abandoned because of the cost for the damage to the town. The government, says are thicker than those under the town; the coal is more easily a strike, and, especially for shipping purposes, is of better quality.

The Canadian survey from his line it. Edmonton to Fort Saskatchewan, was within a mile or two of the men, however. The C. N. R. will build this place of road sometime, but if they would manage to build it during the coming summer, without waiting for the completion of their main line, it would mean the permanent establishment of a large coal business in this locality, to the very great advantage of all parties concerned.

At present the C. P. R. coal rate on the C. & E. branch is very high. The rate from Strathcona to Calgary is the same as the rate from Lethbridge to Strathcona, that is, two dollars a ton, while the rate to Wetaskiwin, forty miles, is \$1.40 a ton. It is more than likely, however, if the C. P. R. saw that a large and permanent business was going to be established, that a reduced rate would be given, at least to the level of the Lethbridge rate. The signs are favorable for the building up of a large coal shipping business right close to Edmonton; and anything that can be done by our town authorities or representatives should be done to bring the conditions to the favorable attention of the two railway companies who are mutually interested with the people here.

HOCKEY NOTES

Hockey enthusiasm in Edmonton has been raised one notch higher by the announcement that John W. Morris had put up a set of eight medals for competition between Edmonton and Strathcona senior hockey teams. The medals are for a series of three matches, the winners of two games will get the medals. The first game will be played on Edmonton rink on Christmas day, and the second game in Strathcona on New Year's day. It is necessary, the third match will take place in Edmonton. These matches are sure to be splendid exhibitions of Canada's national winter game. Edmonton has won the only two games played this season, but the tables on the Edmonton boys. Whether they can do so or not, remains to be seen. Edmonton hockeyists can depend upon the strong support of the townspeople, without which no team can be successful. The Edmonton team means to land the Alberta championship this year and to hold it against all comers.

Advertiser.—The Bell Telephone men are stringing the wires into Lacombe for the long distance line. It is expected to have the entire line from Edmonton to Calgary in working order by the end of next week. The Lacombe phone will be placed in Ross's drug store.

MORINVILLE MEETING

(By Telephone.)

A large and enthusiastic public meeting was held in Obvigny & Ringette's hall here last night. The meeting was addressed by E. Oliver, M.P., and Wilfrid Gariepy. The attendance was large. Mr. Dennis, who acted as chairman, called the meeting to order. Both speakers spoke on the politics of the day, Mr. Oliver dealing chiefly with the questions which arose at the recent session of parliament. The speakers' remarks were heard with the closest attention. Mr. Oliver's stand on the transportation, tariff and provincial autonomy questions was strongly endorsed by the audience.

Utility in Presents

* *

A reputation is not made without reason. Nearly anybody will tell you that the Hudson's Bay store is the place for cloth skirts or jackets. Ditto blouses.

Fashion's latest fad is a jet chain around the neck for holding the muff. Rather a nice idea. The correct thing costs only \$1.00 at the Hudson's Bay stores.

If the "just as good" kind suits you buy candies elsewhere. But it costs no more to get the best if you go to the Hudson's Bay stores. We make a specialty of having the best chocolate creams that can be got, and they're always fresh. Loose at 50c a pound, or in handsome one or two pound boxes, mixed chocolates, or chocolates and creams mixed, at 50c and 75c the box.

The same old joke still goes in the papers about the boxes of cigars that well intentioned wives give to their husbands. That joke doesn't apply to wives who buy their husbands' cigars at the Hudson's Bay stores. We can tell you just the kind that he likes. In boxes of 25 or 50; also some of the choicest lines specially put up for us in little boxes of ten.

"The nicest I have seen since I left Toronto, and just as cheap, too." That is what an Ontario lady said the other day, while buying a silk blouse at the Hudson's Bay stores. That is what YOU'LL say, too.

And flannel blouses, too. People who see ours don't often buy elsewhere. You wouldn't.

And blouse lengths: A few of those wash silks left at \$1.50 for blouse length, also at \$2.50 and \$1. Lovely French flannels, daintiest patterns, at \$1.25 and \$1.50 the length.

The next assembly will show no daintier or more effective gown than can be made up from any one of a few pieces of dainty chiffon and silk organdies, with plenty of rich trimmings to match, at the Hudson's Bay Stores.

Opera shawls, very handsome, silk and finest wool: couldn't imagine anything daintier or handsomer. Worth at least a half more than asked for them; also silk fascinators. Hudson's Bay stores.

People of good taste are greatly pleased with the fine china and cut glass, etc., being shown at the Hudson's Bay stores. The most attractive goods ever shown in Edmonton.

A GOOD INVESTMENT.

TRIP TO THE FAR NORTH

In September, 1894, Mr. and Mrs. Edward Nagle left Edmonton for what is known as the Mackenzie river basin. Mr. Nagle is one of the best known traders of the north, he and his partner, Mr. James Hyslop, being one of the largest trading firms in the "great beyond" of Edmonton, the inlet and outlet to the south, of the arctic circle.

Some men talk of hardships they endure on journeys, but no man can better endure hardship than a woman when her mind is made up to accompany her husband to a distant point. When Mr. and Mrs. Nagle left Edmonton it was raining, then it turned to sleet, neither rain or snow, through which they drove on wheels, for one hundred miles to Athabasca Landing.

On arriving at the Landing, a row boat was taken, and they dropped down the Athabasca river to Grand Rapids with the weather still stormy. Here they waited for Jacob Mackay, one of the best known of the Hudson's Bay Company's old pilots, and as Mr. Nagle expresses it, "He is an old dandy." Shortly after Mr. Mackay joined Mr. and Mrs. Nagle, a mouse was shot on the opposite side of the river. The boat was run across and in trying to get the boat into the boat, the whole party of three were thrown into the swiftly running waters of the Athabasca river, ice cold. Mr. Nagle's first thought naturally was for his wife, he at once caught and brought her to dry land, where a good fire was started and their clothing dried. Had it not been for a water-tight match box Mr. Nagle carried, it would have gone hard with the party—with the weather cold and all their clothing wet. However, the most of a bad job was made, and the party continued on their journey down stream to Goose Island, where they had to wait until the water was frozen over, so that a dog train could run them to Chippewyan, a distance of about twelve miles. On reaching it, they found open water and met Mr. Colin Fraser, an old Edmontonite and prominent trader. He took the party in hand and kindly brought them across the ice stretch of water, some five miles, when it was found they could not proceed in the boat, owing to the ice. The party got ashore and camped in an Indian's log shack and sent a messenger to Fort Resolution, a distance of three hundred miles, for dog trains to be sent back to them.

While waiting for the dog trains, Mr. Nagle was fortunate enough to catch one silver fox, and Mrs. Nagle another. After waiting for some weeks, the dog trains arrived, and the party reached their destination after traveling with the thermometer registering from 30 to 40 below zero, on the 8th December 1894, having covered a distance of one thousand miles from Edmonton. A lady can surely stand the hardships of travel as well as a man.

Mr. and Mrs. Nagle are now back in Edmonton, so that their children can attend a good school. They are all looking well and are typical types of the great north of the Dominion.

McDONALD'S CROSSING

Our esteemed trader and storekeeper here, Mr. McDonald, has proposed that the name of McDonald's Crossing be changed to Riverside. Shall we call it Riverside?

There were six claims taken one day last week and as many houses are under construction at the present time. It looks as though there would be a great rush here soon, as this country has all the natural resources any one could ask for. A party of land seekers passed here this morning. They are going up the Grand Trunk Pacific Railway survey, some four or five miles, where there are some valuable hay marshes.

Ed. Jones, Bill Brown and Wm. Entwistle started for Edmonton this morning.

McDonald's freight teams arrived today with flour from the mill at Morinville.

Leon Ward visited Fred Cousin at Long Lake one day last week. These two young gentlemen were both in the engineering department on the construction of the Great Northern Railway at Great Falls, Montana. E. R. McNeill, divisional engineer of the Grand Trunk Pacific Railway, was engineer in charge on the same work.

We have noticed the last few days for the mountains, pass here. This has been a fine winter for the Indians there being plenty of rabbits, etc. Freighters passed here today en route for Mann's survey camp, about twenty miles past the Paddle river.

TO BUILD THE STEAMER

Saskatchewan Herald, Prince Albert, Dec. 2.—Messrs. Dan and Rufus Mosher and G. Neal of Fort Frances, arrived in town on Saturday evening, while Captain Mosher came in on Monday evening. These gentlemen are here with the intention of building a large stern wheel steamer to ply on the Saskatchewan between this point and Edmonton. Captain Coates, the gentleman that was here earlier in the season looking into the advisability of building the boat, will arrive in the course of a few days. Captain Mosher and his sons are notable boatmen in the Rainy River district, and come to Prince Albert highly recommended. For many years Captains Mosher and Coates operated a line of steamers on Rainy Lake, between Fort Frances and Minc Centre.

THE FELT SHOE PROBLEM

It has been decided unanimously by the grand jury of the wearers of FELT SHOES that cold feet are not in it when felt shoes are worn.

This fact being the case, we call your attention to the magnificent range of felt footwear we have in stock.

The celebrated Dolge boots for men at \$4.25, \$4.50 and \$5.

Dolge boots for women at \$3, \$3.25, \$3.75 and \$4.50.

Dolge slippers for women, \$1.25, \$1.50, \$2, and \$2.25.

Misss Dolge boots, \$2, and \$2.75.

Misss', Women's, and Men's moccasins slippers, wool lined, fur trimmed, the most comfortable house slipper ever designed. The vexing question, What shall I buy for Christmas? is easily solved after seeing these slippers.

Another item of interest in slippers is our line of Women's all felt, fur trimmed, at 85c pair.

Our Women's all felt bala, at \$1.75, is another of the many good values we have.

Also Men's all felt bala, at \$2.25, just as good value as the other.

There is no necessity to sacrifice appearance for comfort, the two are combined in our FELT FOOTWEAR.

We also handle rubbers made especially for felt boots.

One word more. Make it a point to call and see some of these foot-warmers. We shall certainly appreciate your visit, whether it be to purchase or otherwise. Also we can show you many things suitable for Xmas presents.

Remember we have the up-to-date shoe stock of the city.
